Quote Expiry Date: September 27, 2017

Payout Instructions

The balance is in effect until the expiry date mentioned above and it is provided for information purposes only. Please add daily interests to the balance if the transaction is not done on the current date.

If your customer is a Desjardins member, don't forget that they can benefit from a 0,30% rate rebate and that you receive a \$200 bonus when you apply it.

If this balance is repaid as part of a new Desjardins loan, the necessary funds will be automatically debited from your merchant account when the new loan is opened. If it is repaid without the opening of a new Desjardins loan, the "Debit Authorization" form must be sent.

IMPORTANT: If the next loan repayment is due on the day of the payout quote request (or on a weekend day), the amount of this payment may not have been deducted from the balance due by your client. However, be assured that any excess amount perceived after this balance is issued will be returned to them when the loan is closed.
